

“DRY” FIGHT IS OMNINOUS IN DEM RANKS Wilson Urges Rail Decision Be Hastened

ACTION ON WAGE DEMANDS TO AVERT PROPOSED STRIKE
FEDERAL LABOR BOARD PREPARES TO MAKE DELAYED SETTLEMENT.

MEN IMPATIENT
Unauthorized Walk-Outs Spread, May Receive Union Backing.

Washington, June 23.—President Wilson sent a message today to the railroad labor board at Chicago urging that it make an immediate award of the wage controversy.

Announcement of the president's action was made after W. N. Doak of the trainmen's brotherhood had called at the White House and conferred with Secretary Tumulty.

Mr. Doak declined to discuss his conference with Secretary Tumulty but said he would have a statement later in the day.

Information prepared for submission to Secretary Payne today indicated that unless assurances were given immediately to railway workers that a wage adjustment might be expected soon, the unauthorized strike of trainmen at Philadelphia, Baltimore and other points might not be opposed further by the railroad labor board.

As the labor headquarters indicated no improvement in the situation and pointed to increased unrest among the men, the board has authorized the use of force to suppress the unauthorized strikes of 30,000 men but that the feeling among the men was impracticable.

Mr. Doak in a letter issued after the high conference with Mr. Tumulty and with Secretary Payne, head of the railroad administration, said the board of the case had been a set-back and that the question this week and that it not "probably the situation will be much worse than at present."

Before adjournment, the board decided to give a decision in few days.

FORMER PASTOR OF CHURCH HERE WINS ELECTION
REV. O. J. KVALE NOMINATED FOR CONGRESS IN MINNESOTA.

Left Charge at Orfordville in 1919 and Beat Volstead, Author of Prohibition Act.

Rev. O. J. Kvale, who for 23 years was pastor of the Norwegian Lutheran church at Orfordville, and for 12 years of that time also in charge of the Norwegian Lutheran church in Janesville, has been nominated for congress in the Seventh Minnesota district according to the returns today from the state and congressional primaries held Monday.

Nonpartisan League. He lives now at Benson, Swift county, and was the candidate of the nonpartisan league faction of the republican party against Andrew Volstead, who is known nationally as the author of the Volstead law. That name was given because Congressman Volstead was the chairman of the judiciary committee which framed it.

Mr. Kvale is remembered by all the surviving members of the church here as an advocate of prohibition and has been a preacher of prohibition for 20 years. He is 52 years of age. It is thought now on the returns that he is the only nonpartisan league candidate nominated. He has been in Minnesota for two years.

PROHIBITION ISSUE WILL BE CARRIED TO CONVENTION FLOOR
RUMBLINGS OF DISCORD GROW AS PARTY CHIEFS ARRIVE IN FRISCO.

BURLESON IS WET
Postmaster General Declares for Modification of Volstead Act.

San Francisco, June 23.—Rumblings of democratic discord over the prohibition issue became hourly more ominous today as delegates and party chiefs arrived in increasing numbers for the national convention.

Hope that the gathering might spend itself behind the closed doors of the platform committee virtually was abandoned by the leaders and they prepared to face an outbreak of tempestuous debate on the floor of the convention itself.

Already the overshadowing issue in pre-convention conferences, the question of a platform declaration against the present "bone dry" law almost took the whole stage for itself today as the gathering delegates heard of Postmaster General Burleson's announcement for a modification of the Volstead act.

400 ENJOY PICNIC OF METHODIST S. S.

ACCUSED SOLDIER
SPENT NIGHT HERE

Pvt. George Peters, held in connection with the shooting to death of Mrs. Lillian H. Moss, wife of a Camp Grant, O. M. C. captain and who was questioned by military authorities yesterday following his arrest at Jefferson, spent some time last week ago tonight in Janesville. Peters fled the cantonment honor farm—he was under sentence—and went to Beloit, from where he took a freight train here.

After several hours in Janesville he "beat" his way to Madison and then to Jefferson where he was placed under arrest.

It developed in the questioning yesterday that despite Peters having repeatedly threatened Capt. Moss for four times having him court martial, he was in no way connected with the crime, being A. W. O. L. before it was committed and too far away to have returned to camp and shot the woman.

The theory of Capt. Moss from the first, that the killing was the result of indiscriminate shooting on the part of soldiers, continues to gain favor.

TRACTORS PLAY IN MILWAUKEE NEXT WEEK-END

Give Return Matches to McCoy-Nolans—Fans of Cream City Looking for Good Games.

Samson Tractors journey to the Cream City, Saturday and Sunday and clash with the McCoy-Nolans in a return series. Up there in Milwaukee the fans are looking for some real hot bull according to the dope printed in one of the papers today saying: "Local fans are going to get regular baseball treats next Saturday and Sunday when the McCoy-Nolans of the Chicago league return for a two game series with the Samson Tractor team of Janesville."

Grouchy Tests

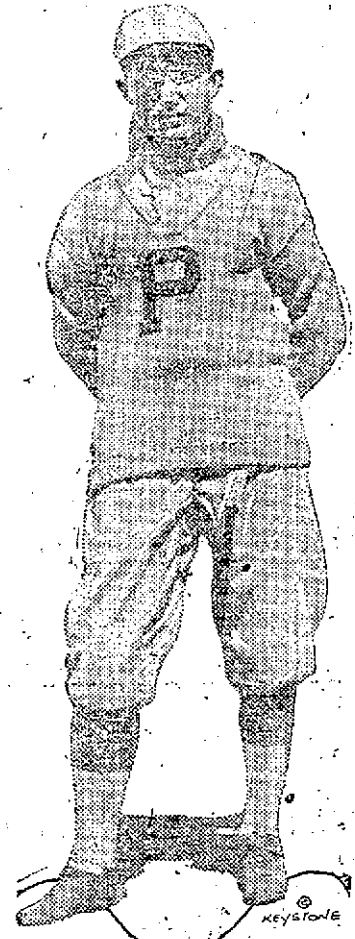

The games will be crucial tests of the abilities of the two teams. In the battles on the fair grounds held here a few weeks ago, the clubs split the honors, the first going to the Nolans 11 to 3 and Samsons taking the second 9 to 2. Since that time, the Cream City have displayed continued improvement in style.

A double header each day is to be provided for the Milwaukee people. Fray John McCoy of the Nolans has arranged to have the Allis-Chalmers meet the Palmolive Saturday and the Jack's Red Sox play the A. A. Sunday preceding the big fights.

Nolans Divide

Last week-end the McCoy-Nolans divided with the Cream City. Samsons in their games with the Pottys took two out of three opening the season.

ADDED TO GIANTS IN ANNUAL EFFORT TO BUY PENNANT

Dave Bancroft.

Dave Bancroft has swapped uniforms for the first time in his big league career. He was obtained by the Giants from the Phils the other day in a trade which sent Art Fletcher to the Quakers City outfit. The acquisition of Bancroft to strengthen the Giant infield is the first move of a series planned by McGraw in his annual attempt to buy a pennant. Bancroft is six years younger than Fletcher, is faster, better and ought to add more pep generally to the Giants' infield play.

READ AND STRING OFF FOR AUSTRALIA

Milwaukee, June 23.—Jack Read, Australian boxer and former champion of his class in that country, sailed yesterday from St. Paul, Minn., for Sydney, Australia, according to a message received today by Tom Andrews, local promoter.

The party includes Eddie Coulon and "KO" Brown, bantamweights, and Mexican Kid, featherweight. All boys served throughout the world war in France. Brown won first honors as a bantam in the inter-club tournament in London.

CHI TEAMS WIN; BREWERS LOSE AGAIN

AMERICAN LEAGUE
Bunching four hits off Harris in the eighth inning, the White Sox defeated the Athletics 2 to 1. Philadelphia tried a rally in the ninth but to no avail.

Hard and timely hitting enabled the Senators to beat Detroit 6 to 1. Glattry, former Beloit Catcher, made a home run in the ninth for Washington. Rotten, smashed out a homer in the eighth.

Cleveland had an easy time beating Boston 13 to 6. Bush was knocked off the mound after four innings. Persons who succeeded him, was even less effective.

Slugging was on the side of St. Louis yesterday and they won from the Yankees 9 to 3, driving nays from the slab and hitting Collins freely. Rahn held up the game for an hour.

NATIONAL LEAGUE
Chicago overcame New York's early lead and won 10 to 4. The Cubs hit three Giant pitchers and scored runs on straight hitting in the sixth.

Wingo and Daubert made home runs enabling Cincinnati to break Philadelphia's winning streak by 13. Philadelphia's winning streak by 13 to 1 in a battle of 11 innings. The Phils led up to the eighth when Wingo started things.

A single to left by Beckel scoring Cruise gave Boston a 3 to 2 victory over St. Louis in 11 innings. Scott and Haines engaged in a pitchers' duel.

The Dodgers continued their losing streak, dropping their fourth straight, when the Pirates walked over them 9 to 2. Pfeffer was knocked off the mound in two innings and Smith in less than an inning. With a new batting order Brooklyn drove Ponder to the showers at the end of the second frame.

AMERICAN ASSOCIATION
The Elkharts won the second tilt to the Millers 8 to 5. Nine extra base hits, including four doubles, three triples and two home runs featured.

HARVARD CAPTURES OPENER FROM YALE

New Haven, Conn., June 23.—Winslow Felton pitched Harvard to victory at Yale, opening the annual series of the old rivals by letting them down with four singles and 4 to 1 defeat. The Phils never were dangerous, although Felton displayed signs of wildness at times, passing two batters in the second, but striking out Teters and causing Murphy to fly out to the infield and closing his first crisis.

As You Were

By BECK.
Of the Stars and Stripes A. E. F.

WE, TOO, Where traitors his dawning cloak
And feather, And now, alas, the street-car rattles by,
Beside the pool where lovers spoke
Together I stand and ponder on an age gone by.

What festive guests along these
May hover?
What cynic sprites may haunt the
garden's shade?

What matron's strolls, what villain
stalks,
What lover
Woos, nimbly the rose, a pretty spec-
tle maid?

Are ye content? Or do ye see
Each antic
Of airplane, motor, tram and auto-
bus

And, sighing, murmur: "That must
be
Romantic!"
And so we envy you, so envy us?

IF YOU DO THINGS HARD, says ex-
Sergeant SOL, things won't be so hard
to do.

SERMON FOR TODAY—
ENTHUSIASM.
All a man needs to win success is
enthusiasm and a good stenographer.
With plenty of enthusiasm you
can start anything. And the steno-
grapher can finish it. Of course this
is sometimes hard on the stenog-
rapher, but that cannot be helped, and,
as the politicians say, it is neverthe-
less expedient.

For instance, let us say that
equipped with a newly and only fair-
ly extreme suit of clothes, a few cig-
ars and the enthusiasm afore-men-
tioned, you start out selling stock
for baby carriages. When you have
sold enough stock to warrant paying
the printer a little on account of that
you can get the certificates out, and
you are thus able to collect enough
to go into a handling that will not
make the police think you are boot-
legging your leave. Your enthu-
siasm will take you a long way, if you
hurry, and the stenographer re-
ceives the stockholders' money.

But enthusiasm can be too much
of a good thing. It often traps the
enthusiast into marriage in a state
of difficult divorce laws. It should
be used with care. If properly re-
strained and garnished with hand-
shaking, it is a perfect substitute for
honey and honesty. It will get by
with most people and sometimes
even the judge. But, fortunately for
the poor, simple public, not the war-
den.

Fishing Good at Koshkonong

More than ever this year Lake Koshkonong is the mecca of south-Wisconsin and northern Illinois fishermen. From a lengthy radius from its shores they flock there to spend a day, the week-end or a week or two in camping and fishing. While anglers from long distances from Janesville have been always noted for their good fishing, it is obvious that the lake is the one best spot from which to fish.

Devotees of the sport from which Dr. Walton gained immortality, in some instances, have fished a hundred miles to seek for good fishing. On Sunday there were parties from as far south as Illinois, as Rockford and Peoria, and in Wisconsin, from south of La Crosse.

They are good eating too. Pickering are not biting. An occasional strike quickens the heart of the patient, but they are few and far between. It is the same with pike. Practically none are being caught. Why the blue gills and perch are biting so good in contrast to pickered and pike the anglers cannot explain. Even the venerable old holes of those who have made the lake for years, are barren of the more gamey fishy tribe at least as far as their hooking is concerned.

THE DIARY OF AN ENGAGED GIRL

THE BEST Laid PLANS SOME-
TIMES FAIL.

What thrilling moments we do live through in our lives. Who would ever have dreamed that I, Lindsey, was destined to become the heroine of an intricate romance adventure? But that's what I am.

When our train pulled into the station Cecil suddenly got up, pulled off his slipper, and deliberately stamped on the heel—knocking it off. Of course I was astonished at this, and he sat with the foolish little all over his big hands, making believe to fix it as hard as ever he could. It was some 10 minutes before the conductor discovered us sitting there and when he saw what had happened he was all sympathy.

He finally fetched a man who knew how to put heels on shoes and after some time my foot was in perfect order again. But time had elapsed, just as that awful Cecil desired, and when we finally left the train and got to the gates, there was my Aunt Patricia waiting me! I cannot say that I was sorry; no, I have been so devoted that I was perfectly indifferent to any and all relatives that might come into my life.

Cecil got a taxi and helped me into it, and it was then only that I realized that I was completely in his power, and with no living relative near at hand to protect me. Well, I was not afraid. My cousin is chivalrous, and to be trusted, so I just looked over at him and said, "Cecil, dear, remember that my reputation is in your hands. It was at that time necessary. I can assure you."

Cecil just smiled enigmatically at me, and answered, "Little Lindsey, you know your cousin pretty well after all. You only know as you know your own heart, that he has come here to help you, not to complicate matters for you any more. Now I have a scheme. Let's motor back to New York. We'll get there about midnight, and explain to the family, or rather you can explain to the family, that there were no relatives there to meet you, and you felt so blue that you returned. They will be feeling heartily sorry for you, and you appear, and believe me, dear, you will be welcomed with open arms, by your dad, if no one else!"

RUFFLES ARE MOST POPULAR TRIMMING

By ELOISE.

Every girl wants an all-white frock for summer just as she wants a navy blue frock for winter. The white frock may be plain and simple for sports wear or it may be elaborate and fancy for formal wear, but there must be at least one white frock of some kind in the summer wardrobe. There is a wide range of materials to choose from. Among the most popular are organdy, voile, georgette, dotted swiss, crepe de chine and dimity.

There is a very girlish and youthful model made of the finest of French voile. The material is so fine and sheer that it seems like georgette. Aside from the provision of ruffles the frock is very simple. Two rows of pleated ruffles form side panels and trimming over the hips. Three tiers of ruffles on the sleeves relieve the plainness of the lines and one frill about the neck is the last really touch. A satin girdle and a fluffy clutch are two other features of the frock which make it distinctive. The little model is appropriate for any of the social affairs of the summer months, particularly garden parties and summer dances.

Heart and Home Problems

BY ELIZABETH THOMPSON
Letters May be Addressed to Mrs. Thompson, in Care of the Gazette

Dear Mrs. Thompson: This is my second year of marriage. I have just returned from a home with my parents. My husband had just returned from war and we were not in a position to go to housekeeping. At that time he lived about 400 miles from here.

My husband had a business offer and we moved to a new place. I find my neighbors very friendly and considerate except one. She is a woman who lives next door to us and her mother lives together. During the day she works and in the evening she pretends to work in her garden. My husband has a garden too, and instead of her minding her own business she spends her time talking to him.

I have told my husband that I don't think he shows consideration for me and I have asked him to be polite but to show her her proper place. He says I am wrong in thinking that she is too friendly. What do you think?

MRS. M.
I believe as your husband does, that you have no cause to worry. The woman next door probably has an unusually sociable nature and takes advantage of a chance to talk. If you were in the yard and showed the same friendly spirit, your husband does, she would talk to you too.

Jealousy invariably starts trouble. Trust your husband and never again complain about his lecturing across the fence. A man cannot bear to be tied to his wife's apronstrings. Besides, man has a liking for the forbidden fruit as well as woman.

Dear Mrs. Thompson: I am 18 years old and I graduate from high school next year. I am sure that I would like to try my luck somewhere else. I have not had a course in a business college. I would like to get some sort of office work.

I am an only child and both my father and mother object to my going away. I would like to go to a business college and learn something and want to stand in the way of my advancement.

My father says I can work here and go to a business college. If I want to, but I cannot go out of town.

What can I say to make him see my point of view? I am sure that it is right for me to go. BELENE.

I am not so sure that you are right. In fact I am quite sure that you are wrong and do not realize the heartaches you would step into if you went away. Your father and mother are not selfish in wanting to keep you. They want you to be happy and first of all they realize the dangers and hardships you would encounter if you went out into the world to make your own way. Accept your father's offer to take a course at a commercial school. With definite training you would be able to advance more rapidly in the business world. You have plenty of time ahead of you and should not be so eager to get away. Haste now will spoil future gain.

Dear Mrs. Thompson: I am troubled with perspiring hands. It is impossible for me to wear gloves in summer. What can I do for this trouble?

ROSEMARY.
Excessive perspiration of the hands, as a rule, indicates a run-down condition of the system that requires internal treatment to cure. Laxative applications, of course, will temporarily relieve the unpleasantness, but powders and lotions that close the pores eventually dry the skin so their effect must be closely watched.

A tonic that effects some beneficially is made from four ounces of alcohol and half an ounce of tincture of belladonna. With this mixture the palms are wiped several times a day, the liquid drying on. It evaporates quickly. This, however, should not reach the backs of the hands, or it will affect the skin unfavorably. If washed, talcum powder or orris may be dusted on as soon as the liquid dries.

RECIPES FOR A DAY
Brown Bread—Two-thirds cup molasses, one cup brown sugar, one cup lard, one cup buttermilk in which one-half teaspoon of soda has been dissolved. Three scant cups Graham flour, one and one-half cups white flour, one or two teaspoons baking powder and one-half cup raisins.

Mix in order given. Fill round pan into a little over half full and bake in oven.

Pork Chops and Dressing—Have butcher cut pork chops about one inch in thickness. Melt one tablespoon of butter in frying pan, add chops and fry until slightly browned. Season, remove from pan, lay in roaster and put a heaping tablespoon of dressing on each chop.

Put the water in bottom of roaster and bake for one hour.

To make dressing: After removing chops from pan add three-quarters cup of hot water and pour this over dry bread crumbs. Season to taste and mix in one well-beaten egg. Beat until smooth. Add salt, pepper and put in baking dish. Fill center with brown sugar and a lump of butter in each. Bake as usual, basting with a little hot water. Then chill. Mix together one-half cup chopped peanuts, one cup cubed marshmallows and three-quarters cup of mayonnaise. Cover apple and garnish with currant jelly.

STRAWBERRY RECIPES
Here are a few recipes for using some of the smaller, less perfect berries which are not good for canning.

Strawberry Sauce—One cup of crushed strawberries, two tablespoons of boiling water, two tablespoons of butter, three-quarters cup of powdered sugar.

Cream the butter with the sugar and gradually add water, beating well, and finally the crushed strawberries.

Simple Strawberry Ice Cream—One quart strawberries, one quart of thin cream, one and one-half cups of sugar.

Mash the strawberries, mix with the sugar and let stand for one hour. Then force through a sieve, add the cream and freeze.

Strawberry Shortcake—Two cups flour, four teaspoons baking powder, one-half teaspoon salt, three-quarters cup milk, one-quarter cup lard or other shortening.

Mix and sift the dry ingredients, cut in the shortening with two knives and add the milk gradually, using a knife to mix.

Divide into two portions. Put one-half into an oiled pan, spread with melted butter and place the other half on top. Bake in a hot oven for 15 minutes. Split where the layers were buttered.

After the berries are thoroughly washed remove the hulls and at the same time sort them. The smaller ones are to be crushed, sprinkled generously with sugar and set in a warm place to draw out the juice. The larger ones should be left whole for the top.

The sweetened berries are then placed between the layers, the top washed with warm cream and the whole berries imbedded in the cream.

MILTON COUPLE OBSERVES GOLDEN WEDDING JUBILEE

Milton, June 22.—Fifty years ago last Friday Rev. F. Davis and Laura Keese joined hands in holy wedlock. They made their home in Iowa for twenty years until their removal to Milton. Relatives and friends showed their appreciation of the occasion last Friday afternoon.

The occasion, where the festivities were held, was decorated with streamers of golden color, symbolizing the spirit of the golden wedding. The guests, as they entered, were received by Mrs. D. P. McWilliams, Mr. and Mrs. Davis, and Mrs. Melissa Poland. An hour spent in greetings and in general sociability the party gathered near the center of the room for a large golden ball and listened to a brief program which had been arranged by a daughter, Mrs. M. E. Kopley.

Mrs. Earl Davis, accompanied by Miss Thelma Davis at the piano, sang a solo. Miss Edna McWilliams, great-granddaughter, gave a recitation. A humorous story was impersonated by the family group. Rev. John W. Davis, a brother of the bridegroom, read messages from President Daland and from an old friend and former partner in business, A. M. Brinkerhoff. He also read a poem from the latter and written by himself. The audience then joined in singing. Pastor Jordan called the couple to a place beneath the golden ball and requested the guests to continue the vows which made them husband and wife. Rev. Simon H. Backus, Alton, a brother-in-law of the bridegroom, then spoke of his deep appreciation for Mr. and Mrs. Davis.

Following the program, refreshments were served by the Misses Thelma Davis, Dorothy Maxson, and Grace Waterman.

Numerous presents, including \$30 in gold, attested the love and esteem in which Mr. and Mrs. Davis are held by their relatives and friends.

One hundred and five guests were present. Among these were two who attended the marriage 50 years ago—Mrs. Melissa Poland, Minneapolis, and Rev. J. C. Davis, Battle Creek, Mich.

The happiness of the bridal couple was heightened by the presence of all the children—Mrs. D. P. McWilliams, Milton, a daughter of Mr. Davis by a former wife, and her family, Dr. Davis and family, Milton, Mrs. R. H. Kopley and son, Holts, Snyder, Neb., and Earl Davis and wife, Milton. Several of the grandchildren and great-grandchildren were present.

As resistless as Niagara, the electric cookery idea is sweeping the country

SCARCELY anywhere will you find any modern housewife who does not know of the wonders of electric cookery. Practically every community in the land now has electric ranges in use in its kitchens.

Our low cooking rate for electric current makes this modern method of preparing food available to you. Compared with the freedom from dirt, heat, and bother of other methods, the cost of electric cookery is slight indeed.

Did you know that you could secure a Hughes Electric Range from us on very easy terms, with but a small payment down? Our payment plan enables you to see the range and derive its benefits while paying but a small sum monthly on the purchase price.

To select the range best suited to your requirements you should have a copy of our combined catalog and recipe book "What Every Kitchen Needs." This de luxe booklet will be sent free on request. If you will call at our office we will gladly give you your copy, or if you prefer you may clip the coupon below and mail it to us, after filling in your name and address, and a copy will be sent you.

There are six vital reasons why you should own an electric range: it is modern, cool, cleanly, convenient, cooks better food and does it in a more scientific manner. We offer a really low cooking rate. If you will call at our office we shall be glad to explain the many superiorities of the Hughes range. A postal request brings our free de luxe booklet "What Every Kitchen Needs."

KNABE GRAND PIANOS

The workmanship that makes the KNABE PIANO is not an acquisition of one generation, but a pedigree of skill that has run through more than 80 years, not merely in the masters of this great industry but in the family of employees, where sons have succeeded fathers at the head of some particular branch of the art, and who, in a great part have suggested the improvements when such were possible.

We have the Knabe Pianos in both Upright and Grand.

THE
Ampico
Reproducing
Piano

Leo Ornstein, Godowsky, Rachmaninoff and other famous musicians are giving recitals throughout the country on the Knabe Grand in direct comparison with the AMPICO ELECTRIC REPRODUCING ACTION. Their own compositions are reproduced so correctly by the Knabe Electric Reproducing Grand that the world marvels at the fact that such an invention were to be pleasingly possible.

We are in a position to demonstrate the Ampico Reproducing Action in the Knabe, Marshall Wendall and Haines Bros. Pianos either Electric or Foot-power.

KNABE ELECTRIC REPRODUCING PIANO \$3500.00.

MICHAEL ANGELO, it is said, once gazed upon a block of marble and remarked that he would release the angel reposing there.

So it is with the men who build the A. B. Chase Piano. They do not see in the raw materials with which they work simply so much wood, wire, felt, iron, etc.

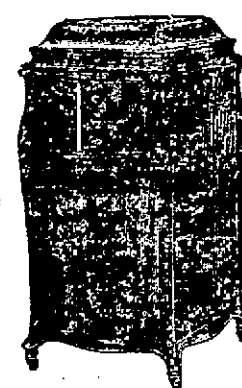

Instead, they see a finished instrument—a piano of such perfect and exquisite tonal quality as to be a worthy means of expression for the musical genius of the greatest artist.

These men build with this ideal ever before them. Every single A. B. Chase Piano is constructed with the idea in mind that it may be chosen by a prominent pianist.

Many of them are. And because every A. B. Chase Piano is built to meet the most precise demands of the professional musician, it naturally meets the requirements of every pupil and music lover into whose life it comes.

In The Home Where Music Reigns

Music that is
more than a memory

HARMONY of thought and the inspiration of higher ideals comes almost unconsciously to the household in which music reigns.

The sweet melody of varied selections played by famous bands or soloists; sweet songs of sentiment or comics, serve to dispel cares and take the mind to a restful pasture of pleasant dreams.

A Victor Victrola in your home will make home-ties stronger. It will instill sentiment in the hearts of young and old alike, that will live.

Make up your mind now to make your home a musical home by installing one of these most perfect of all reproducing instruments.

GULBRANSEN Player-Piano

You Can Play The Gulbransen Better Than You Ever Could Have Played By Hand

That is true of nearly everybody. Because playing the piano is a two sided art. The mechanical art of "reading" and "fingering"—and the mental art of playing the music interestingly.

One has no connection with the other—except that notes must be struck by some means before we consider how they shall sound. In fact, until correct striking of notes is accomplished—whether by hand or mechanism—only then does interesting music become a possibility.

Gulbransen Players Give Perfect Service

The Gulbransen starts you off at the point in musical education where perfect command of the piano is accomplished. It strikes the notes unfailingly. And enables you to play them in any desired style of shading, phrasing or rhythm. It offers every degree of tone value. It gives you full control of these.

Riverside Park Dancing Every Night From 8:30 to 12

The place to enjoy yourself on cool evenings is Janesville's New Beach. Hundreds are doing so daily. A special 5-piece orchestra featuring Miss Mildred Dahlstrand, soloist, furnishes the music. This is the same orchestra that played at Lake Lawn last year.

Get There by Boat, Bus, Street Car or Automobile

Boats leave the launch club dock and 4th Ave. bridge dock for the Park every 15 minutes.

Reliable bus service leaves Myers Hotel or Milwaukee and Academy street corner every half hour.

Efficient street car service to and from park entrance.

The new roadway to the park at the end of Washington street car line, is now in use making it easy to get there by auto.

After the dance there is sufficient transportation service to accommodate the largest of crowds.
